Number of seats	5
Doors	4/5
Color	Grey
Vehicle Type	Campervan
VIN:	W1W4EBVY7LT0233 27
Reference ID:	0067

Equipment

Vehicle Description

2022 Field Van Sprinter 144" 4x4 is a beautiful van built by an industry leader with a high level of craftsmanship to take you on your next incredible adventure. This van has been meticulously maintained by the owner, who is the original owner that picked up the van from Field Van in Fresno, CA. Field Van has a long waitlist for builds, so grab this one now and be ready for spring camping.

The floor plan is perfect for a couple and their furry friend for long trips across the country. With a large galley with induction cooktop, large sink, microwave, and counter area you can be comfortable moving around and cooking a meal for two. The bathroom/shower cabinet is large enough for a full size adult and has a cassette toilet and hot/cold shower. The best part of the floor plan is the rear couch that converts to a large 74" long by 69" wide sleeping area. Do you want to take your friends out to dinner? The rear couch also has seat belts.

The heart of the van is the electronics with 480 amp hours of lithium batteries that are charged via solar, second alternator, or shore power. The van has a 12v Nomadic Cooling Air Conditioner and a Timberline diesel air and water heater to keep you and your furry friends comfortable no matter the weather. Built on a 2020 Mercedes Sprinter 4x4 chassis with the coveted 3.0 liter 6-cylinder turbo diesel engine (not the new 4 cylinder), the van will be able to take you down those mountain or desert dirt roads.

On the exterior of the van, the owner has a rear Owl Vans tire carrier and Owl Vans Sherpa Cargo Carrier with the 1up bike racks (total 2). A fiamma awning will give you an extra 8-10 feet of shaded living space and lighting around the van to light up your campsite at night.

- VIN: W1W4EBVY7LT023327
- Mileage: 11,874
- Full galley with sink, induction cooktop, full-size isotherm fridge, microwave, and large storage cabinets
