Equipment

Vehicle Description

Simplicity and function is highlighted in this 2022 Sprinter RWD camper van built by VanCraft. VanCraft is a well known builder out of Utah that uses CNC machining to create beautifully crafted van builds. The van is perfect for a couple to travel the cities with its stealth camper look and then be able to boondock in the wilderness with all of the amenities of home.

The light open bright floorplan with a large kitchen has all of the necessities of home with two areas to prepare food, a large sink, a hidden 45 quart refrigerator, and an induction cooktop. White cabinetry and tons of storage is throughout the van for all of your camping necessities. The sleeping area is large enough for two adults and sleeping is very comfortable on a 6" memory foam bed.

Powering the van is the upgraded VanCraft electronics package with 400 AH of lithium batteries that is powered by a 320 watt solar panel, DC to DC charger, or shore power. The van has outlets throughout to charge your electronics and is powered by a 3000 watt inverter. Stay comfortable on cold winter nights with the Airtronic Diesel Heater and extra ventilation is added with a rear roof vent.
