Equipment

Vehicle Description

This 2022 Sprinter 4x4, expertly built by Vannon, is the ultimate adventure van for the weekend warrior family with a passion for outdoor exploration. Designed for an active family of five, this versatile weekender-style floorplan transitions seamlessly from weekday errands and school drop-offs to long weekends in the mountains or desert.

Inside, the van comfortably and safely seats five, thanks to the addition of a three-passenger OEM Mercedes seat equipped with car seat hooks for even the youngest adventurers. Overhead, a storage shelf and upper cabinet provide ample space for all your essentials and camping gear. Behind the passenger seat, you'll find a full-size Dometic 12V fridge, a three-panel bed, an over-the-wheel-well cabinet with a built-in bench seat—perfect for impromptu afternoon meetings—and generous storage for mountain bikes, camping equipment, or even those big Costco hauls.

The rear of the van features an integrated L-track system in the floor, securely accommodating two to three bikes. After a long day outdoors, the rear shower is perfect for rinsing off muddy bikes, dirty dogs, and sandy kids. The bright, open interior is built with durable, easy-to-clean materials, designed to withstand the wear and tear of daily life and rugged adventures alike.

On the exterior, this Sprinter is outfitted with custom side steps, a roof rack, and a ladder, all crafted by Vannon. The roof rack includes a mesh walkway—offering the perfect vantage point for scenic views—alongside 260 watts of solar power to keep you charged off-grid. To tackle any terrain, the van is equipped with off-road Toyo Open Country tires, ensuring you're ready for wherever the road (or trail) takes you.
